## Warning Tickets Due Fire Chasers

By FMI

**SWEET POTATO, THEN SOME** -- Comes to The Herald office Henry Hefti, of the Maysfield Community. Brings with him a long, slender object that looks like a snake and turns out to be a sweet potato.

Measures 15 inches, that snake, uh, sweet potato, and weighs maybe 5 or 6 pounds. Has a head like a snake, and a little tail.

It's quite different Mr. Hefti. We may not eat it, but we appreciate getting it.

102 - 102 - 102

After reading Babson's report for things to come in 1962, this column felt enthusiastic for the year ahead.

We noted his emphasis on color: in ads, ranch houses, concrete, lumber, all kinds of building materials (including aluminum which Milam's industry Rockdale Alcoa has been using) and many other things.

If there is enough green in Babson's color scheme of things to come, we will be even more impressed by his predictions.

Truly, color abounds in things around us. Men's suits and sport coats, for instance, used to be conservative greys, tans, blues. Now it's not uncommon to see red sports jackets, sometimes rash plaids and such jackets, all colors of casual shoes.

Color took over in the painting of cars, it seems.

After World War II, women got interested in helping their husbands select automobiles. And the family jitney finally achieved rare combinations of reds, blues, yellows and other hues that women have worn for years.

Now days, factories, office buildings, business houses and all are as colorful as the split-level and modern ranch houses that Babson cites.

102 - 102 - 102

Color somehow reflects the modern reaction to our daily pace. Hoping to maintain some kind of self blood, instead of spilling some blood, like days of old, we go out and buy a red automobile. Instead of blending our house with moderate white for fear of conformity, we paint it pastel.

It's better that way. It's a lot easier to rehabilitate ourselves by changing the color of the house or our car than settling our problems before a judge.

### WEATHER NOTES

Temperatures ranged from a high of 68 to a low of 27 for the past week in Cameron.

Total rainfall for the year 1961 totaled 34.22.

Warning tickets were going to be New Year's presents for fire-truck chasers in Cameron.

That was the consensus of City Councilmen Tuesday as they asked Cameron residents to stop going to fires, following city fire trucks and blocking streets where volunteer firemen and trucks needed to work or pass.

Mayor Coleman Duncum asked Chief Elvin Hoskins and City-Atty. Charles Smith, Jr. to devise a special warning ducat after reviewing city statutes for legal authority.

Duncum said most volunteer firemen's cars are marked and were readily identifiable. Other

fire chasers were due warning tickets if found parking in the vicinity of fires, he said.

In a regular Council meeting Tuesday, Councilmen also hired B. A. Slavik as city electrical inspector. He will begin work January 15, succeeding Joe D. Bass. The Council also approved a special light rate for Texas Power & Light Co. for outdoor light fixtures, heard reports on paving and public works, sewerline and water department and police department work.

Chief Hoskins said that Meterman Mode had resigned because he wished to have Saturday afternoons off, but city officials did not authorize it.

Councilman John A. Smith also called for advertising the old fire truck to be replaced by a new truck this month. Special advertising was to be placed in antique car magazines.

And Mayor Duncum said a re-codified ordinance book, rewritten by Jack W. Prescott, would be ready for the City April 1.

## Warrens Thank Cameron For Aid

Hundreds of dollars and dozens of gifts have brought a letter of appreciation from Donnie Ray Warren and his parents.

Donnie, 17, victim of a rare and incurable kidney ailment, has been in and out of hospitals all his life. His parents Mr. and Mrs. L. T. Warren, are natives of Cameron.

A Donnie Warren fund, set off by donations of the Cameron Knights of Pythias, brought in money for medical expenses.

And their letter, thanking the dozens of people who gave something or visited, indicated that letters, cards and gifts filled Donnie's room in the Cameron St. Edwards Hospital.

Here is the letter: "We wish to express our heartfelt thanks and appreciation to St. Edward's staff, Dr. E. O.

Smith, Jr., the sisters and nurses, our pastor and to all the churches. To the Knights of Pythias and all who contributed to the Fund. To relatives, friends, and neighbors for the Christmas cards, money, flowers, food, letters and other gifts. Thanks to all who visited at the hospital, home and phoned and helped us in any way. May you have a Happy New Year."

Donald Warren  
Mr. and Mrs. L. T. Warren

The Donnie Warren Fund was started prior to the Christmas holidays with donations from the Knights of Pythias. Both Cameron banks accepted donations for the fund which attracted dozens of small contributions.

Young Warren has been afflicted with rare kidney ailment since he was three months old.

### Yezak Files First

## Filing, Primary Dates Set

A filing deadline of February 5 and a Democratic primary set for Saturday, May 5, have been announced by Max McClaren, secretary of the Milam County Democratic Committee.

McClaren told The Herald that one candidate had filed as of Wednesday morning for one of the nine major area posts. Up for election are the Milam District Clerk's office, two county commissioners, State Representative and eight county precinct constables.

Herman Yezak, incumbent for the office of state representative, 56th District, filed with McClaren Tuesday. The 56th District, expanded this year, will include Milam, Robertson and Burleson Counties.

## Killeen Man Dies Of Crash Injuries

Herbert Roy Jackson, 415 E. Ave F, Killeen, died Sunday at the Santa Fe Hospital, Temple, from injuries received in an accident December 29 near Cameron.

Jackson, 62, was operating a Santa Fe hand car when he collided with a 1957 Ford driven by Millard Zell Mowdy, of Rt. 2, Buckholts. Jackson was traveling south of the Santa Fe track between Cameron and Milano and Mowdy was traveling east on the Hanover Road, FM 2095.

Highway Patrolman Gilbert Smith said the accident occurred about 1:20 p. m. December 29 and added that no traffic violation tickets had been issued.

Jackson was rushed to St. Edwards Hospital and later was moved to the Santa Fe Hospital in Temple.

Smith estimated damage to Mowdy's Ford at about \$500.

Passengers in the Mowdy car were William Mowdy, Angeline Mowdy, Connie Mowdy, Homer Mowdy, Leslie Marek, Katherine Ottmer, and Alice Ottmer. No one in the Mowdy car was injured.

Jackson's death was the only traffic fatality in Milam County during the Christmas holiday period, which claimed 72 lives in traffic accidents in Texas.

Hutchens, a second hand store owner in Cameron, died in the Temple Veterans Hospital Dec. 30 at 2:30 p. m. Born Nov. 13, 1892, in Brentwood, Ark., he was a Veteran of WWI and a member of San Andres Masonic Lodge of Cameron. He has lived in Cameron for 4 1/2 years.

### Milam ASCS Report

By Milam County ASCS

Payments to producers for the 1961 marketing year on shorn wool and unshorn lambs will follow the same methods employed for the 1960 year. Shorn wool payments will be equal to a percentage of each producer's cash returns from wool sales. The percentage will be that required to raise the national producers for shorn wool up to the incentive price.

Lamb payments will be made to each producer who sells lambs that have never been shorn. The payments will be at a rate per hundredweight of live animals marketed to compensate for the wool on them on a basis comparable to the national average incentive payment per pound of shorn wool.

The shorn wool incentive price is established under provisions of the National Wool Act of 1954 which direct the Secretary of Agriculture to take into consideration prices paid and other cost conditions affecting sheep production in determining a support price that will encourage an annual production of 300 million pounds of shorn wool. The law also limits the amounts available for making payments to 70 per cent of the duties collected on imports of wool and wool manufacturers since January 1, 1953.

While several Soil Bank conservation reserve contracts expired on the last day of 1961, many are still in effect. Farmers with land in the Conservation Reserve are reminded of their continuing responsibility to refrain from using this land for grazing or harvesting any crop from it during the contract period.

"Even though we are not authorized to take new land into the Conservation Reserve," Alva E. Sanders, ASCS County Office Manager said, "there has been no change in the regulations concerning the land retired from production under existing contracts. The farmer is being paid an annual rental for compliance with his Conservation Reserve contract. He is obligated to exercise his responsibility of withholding the land from production for the life of the contract."

## Per Capita Consumption Of Broilers Sets Records For 1961

COLLEGE STATION — Estimated broiler placements by Texas growers in 1961 were 13.9 percent over 1960 totals, reports John McHaney, extension economist. These placements exceeded 1960 placements every week through October 1, and the state produced well over 100 million broilers in 1961.

From January until September, 1961 broiler placements in the United States ran well ahead of 1960. Since September 1, however, they have pulled back more nearly in

line with those of the same period in 1960. Present indications are that the 1961 broiler output in the U. S. is likely to be up about 2 percent or more from last year, McHaney continues.

Through the first ten months of 1961, broiler prices averaged about 3 cents lower than the average for the same period of 1960. McHaney says that it does not seem probable that prices will improve greatly through the first half of 1962.

Despite the weakened financial position of the firms backing broiler production, the same forces which encouraged output in 1961 will be evident in 1962. Unless limited by effective industry - wide programs, the 1962 output will probably be close to 1961.

The demand for broiler meat will probably continue strong in 1962. Estimates of per capita consumption in 1961 indicated a new all time high of 25 pounds, an increase of 1.5 pounds over the 1960 figure. Broilers may face stronger competition from increased marketing of turkeys, hogs and cattle, however, demand will probably not be influenced much by this competition.

The trend toward fewer but larger production units will probably continue in Texas, and very strong competition between Texas and other production areas will continue. The demand for broiler meat should continue strong, and per capita consumption of broiler meat will probably rise. Texas growers must continually adopt more efficient practices in production and marketing in order to compete, McHaney concludes.

### I Give You Texas

By Boyce House

When I was a small boy, while my father was away on his duties as traveling salesman, my mother was at home alone except for my little sister Vivian and me. One night, (I was then about four) while my father was away, two men stopped in front of our house. One, who had been drinking, said, "I believe I'll go in." His friend tried to dissuade him but he reiterated his intention of entering. My mother flung the front door open and said, "I don't believe you will" and fired twice with my father's gun. It is hardly necessary to add that the two men took to their heels.

Soon after my father became a traveling salesman, we moved to Benton, Ark. In Benton, I fell from my toy wagon, hit my chin on a stump and acquired a permanent scar.

It was in Benton that I made my first appearance before the public - at a lawn fete, magnificent with Japanese lanterns were, of all things, I sang. My Aunt Agnes, wearing a shawl and a bonnet to appear much older than the girl she was, also took part in the dramatic scene wherein I warbled, "I'll Always Be Good to You, Grandma." I do not recall that an encore was necessary.

Marion was born in Benton. She inherited her dark hair, brown eyes and olive skin from our father. Vivian and I "took after" our mother.

It was while we were living in Benton that I took my first train trip alone - and forgot where I was going. Then I overheard a middle-aged couple (they were probably twenty - five or twenty-six) across the aisle say, "When we get to Little Rock -" and I said to myself, "That's where I'm going; I must remember." Little Rock was the State capital and the largest city in Arkansas and, fur-

## Herman Yezak Candidate For Re - Election As Representative

Herman Yezak, Dean of the Texas House of Representatives, announced this week that he will be a candidate for re - election to the office of State Representative

Herman Yezak

for Burleson, Milam and Robertson Counties in the Democratic Primary to be held in May of 1962.

Burleson, Milam and Robertson Counties constitute the new district No. 45 created at the last session of the Legislature when the State was divided into new districts based on the 1960 census. Yezak presently represents Milam and Robertson Counties, District No. 56, but Burleson County was added to form a new district because of population decrease in the three counties.

Rep. Yezak is serving his ninth two - year term, being first elected in 1944 while a lieutenant in the front lines in Italy during World War II. He waived his legislative immunity and served stateside during the Korean Conflict as a Captain. At present he holds the rank of Lt. Colonel in Infantry in the Army Reserve.

He became dean of the House at the age of 48 in July 1961. This means he has longer continuous tenure in office than any other present member of the Texas House of Representatives. It also means that the district he represents has seniority standing.

His record is a proven record for the people he represents. One example of legislation he has sponsored for the people includes the new statewide law effective January 1, 1962, whereby approximately 3400 recipients of old age assistance who live in Burleson, Milam and Robertson Counties will be entitled to hospitalization in approved hospitals. Other legislation for the people that he has supported is too numerous to mention in an announcement such as this but is on the record for all to see. He is a member of the American Legion, VFW, Chamber of Commerce and farm organizations. He is a member of the State Bar and enrolled to practice as attorney before the Treasury Department. Yezak graduated from Texas

therefore, I couldn't have been carried past, for that was the end of the line.

My father was waiting when I stepped off the train, as triumphant as Columbus or Magellan, for had I not successfully traveled thirty miles all by myself.

Christopher Morley has written many fine lines. One of the best was about a column conductor on a New York newspaper who was, on this particular occasion, "in an unusually good humor for a humorist."

Mr. and Mrs. Bobby Joe Heitman of Houston spent the holidays with their parents, Mr. and Mrs. Joe Heitman of Cameron.

Mr. and Mrs. Chester Clinard had all their children and grand children home for the Christmas holidays.

A & M College in 1938 with a degree in agriculture and later he attended law schools at the University of Texas and Baylor University. He has been a lawyer since 1955; he owns the small hometown weekly newspaper and lives on a farm near Bremond.

Herman was born on a tenant farm in the Tidwell Prairie Community, the first of seven sons and one daughter of George Yezak and Josephine Klotz Yezak, who are lifetime residents of Robertson County. In 1949 Herman Yezak married Miss Betty Supak, a school teacher, and they have four children, Patricia 11, Robert 9, George 8 and Jennifer 1. Mrs. Yezak is a grand daughter of the late Mr. and Mrs. Paul Supak who owned and operate a Burleson County farm in the Hogg Community near Yegua Creek.

It is practically impossible to seek the support of every voter in person in a three county district but Yezak plans to conduct an active campaign and see as many voters as possible to ask for their support before the primary election. "To serve the people of Milam and Robertson Counties since 1935, and since 1945 in Robertson County, is a privilege for which I am very thankful," Yezak stated. "Through the years I have continued to better prepare myself for the increasing duties and responsibilities of this office," the veteran legislator concluded.

Initially, Herman Yezak seeks support through this announcement and the political announcement column of newspapers. He will be grateful for your consideration, influence and vote.

## Stidhams Honored At Surprise Gathering

Mr. and Mrs. T. B. Stidham were honored with a surprise Christmas appreciation party at their home recently.

The white and colored people of Jones Prairie Community honored the couple for service rendered to the community and its residents for the past years. Spokesmen for the group commented on assistance given many families in the community when money was short and the families needed groceries.

Stidham owned and managed a general store in Jones Prairie for 55 years. He was also post master for over 40 years.

Also cited as the first to own a phone, he was willing to deliver messages to anyone in the community, day or night. Sponsors of the party were Bailey Jones of Rosebud, Mrs. J. A. Pond of Jones Prairie, and Mrs. A. H. Patzke of the Cross Roads community.

Representatives from approximately 55 families met at the home of Mr. and Mrs. Hope Jamison and in one group, went to the Stidham home. Gifts of two lounge chairs and a book, donated to the Cameron Public Library in the Stidham's honor, was presented to the couple.

The Colored Choir sang Christmas carols and songs were dedicated to the couple. J. Allen Petty, lifelong colored resident of the community, sang, accompanied by Bobbie Jean Porter.

Bailey Jones acted as master of ceremonies. Petty and Al Whiteside spoke in behalf of the colored residents.

Also present for the festivities were the Stidhams three children, Mr. and Mrs. Ben McGlothlin and two daughters of Pasadena; Mr. and Mrs. Jack Stidham and two children and Mr. and Mrs. Dwight Moody and family of Cameron.

Survivors are her husband, Louie Dunbar of Dallas, 3 daughters, Ann, Jane and Carol all of Dallas, her mother, Mrs. W. M. Fanning of Cameron, four sisters, Mrs. L. W. Raley of Okla. City, Mrs. E. H. Elkins of Bryan, Mrs. R. B. Killgore of Hague, Netherlands, and Miss Mary Fanning of Cameron.

## Mrs. Thomas Hosts Delphian Club

The Cameron Delphian Club met Tuesday afternoon in the home of Mrs. J. H. Thomas with Mrs. Howard Baskin as co-hostess. Mrs. Carroll Green presided in the absence of the president.

Guest speaker, Mrs. W. O. Triggs, spoke on Communism using J. Edgar Hoover's book "Masters of Deceit" as his basis. Telling of areas now looking to Communism Mrs. Triggs stated that since World War I a third of the people in the world had become Communist controlled and that Communism had taken over one-fourth of the total land area.

Members and guests, Mrs. Bob Terry, Mrs. Sam McDermott, and Mrs. Triggs were served spiced punch, ribbon sandwiches and cookies following the program.

## Campaign Begins By IRS To Obtain Road Use Tax

District Director R. L. Phinney of the Austin Internal Revenue District announced a district-wide campaign by the Internal Revenue Service to make sure that owners of heavy trucks and busses have filed Federal Highway Use Tax returns covering the use of such equipment on any public highway, roadway or city street.

Phinney said that the Internal Revenue Service has gone to great lengths to obtain voluntary compliance with the Highway Use Tax filing requirements before resorting to enforcement measures. Various informational and publicity programs have been undertaken to acquaint owners of trucks and busses with the filing requirements so that they can avoid liability for penalties and interest, in addition to the tax, for failure to file or for late filing.

This campaign will utilize various available leads to those who failed to file Highway Use Tax returns and is designed to assure that all owners of truck and busses, whose use on any highway, roadway, or city street is subject to the tax, pay their fair share of the tax. Phinney said that the Highway Use Tax became effective July 1, 1956, and that the revenue derived goes back to the state in the form of Federal contributions to help pay the costs of the Interstate Highway System now under construction.

## '62 MOD Drive Kicked Off Jan. 2

The New March of Dimes has opened its 1962 campaign in Milam County to raise funds for a stepped up battle against diseases that disable millions of Americans.

The announcement was made by Clark Roberts of Rockdale named as Milam County campaign director. He said the drive will continue through January 31.

Volunteer workers are being sought from each community and it is hoped that this listing will be complete soon. A dinner at Singer's Grill in Rockdale, 7:30 p. m., Jan. 2, was scheduled as the campaign kickoff event. A key worker from each community attended. At this time campaign material was distributed and plans discussed for a unified county-wide drive.

Dr. Travis C. Green of Rockdale has been named as guest speaker. The campaign director said the contributions to the drive were needed by the National Foundation to finance widening attacks on crippling birth defects, arthritis and polio.

"Our ultimate goal is to prevent these crippling diseases, and the accelerated research program financed by the National Foundation is our brightest hope," he said. "But we are broadening our program of patient aid at the same time. Pain cannot wait."

"The need for these programs, in addition to the continuing aid we furnish victims of paralytic polio, can be seen from the huge numbers of people with disabilities caused by birth defects and arthritis," he continued. "More than 11,000,000 Americans suffer from arthritis or rheumatic diseases."

Mrs. Stidham returned home with her daughter and family, Rev. and Mrs. Billy Newton to spend the winter in Atlanta Ga.

Charles Lee Evans and Mr. and Mrs. James Ray Eanes and family of San Antonio spent the weekend visiting their parents Mr. and Mrs. J. V. Eanes.

Mr. and Mrs. Pinkney Harwell spent the holidays in San Jose, Calif., with their daughter and family, Mr. and Mrs. M. M. Kenemoto.

Mr. and Mrs. Lee LaGrove had as their guests during the holidays of Stephenville, Mr. and Mrs. E. E. Cork of Stephenville, Mr. and Mrs. E. H. Oldag of La Marque, Mr. and Mrs. A. F. Jones of Houston, Mr. and Mrs. G. A. LaGrove of Galveston, Lt. and Mrs. Fisher Jones of Ft. Brogg, N. C., Mr. and Mrs. Roy Butler of Brownfield, Rosa Oldag, Kaye Jones and Mary Cork.

## City's Location More A Factor . . .

Cameron's central location will become more of a factor in her development in 1962.

That is apparent in two developments in planning stages: selection of Cameron as potential air service point by a Houston air concern and grading work on a site for a motel at the intersection of US 77 - US - 190 - SH 36 in Cameron.

A look at a map tells the story. Three major highways intersect in Cameron, converging more traffic every year through this Milam County seat. Improving highway networks all around us will bring more and more people to and through Cameron.

And Cameron's location in relation to Houston and San Antonio no doubt has influenced the Houston's air firm's plan to bring air service to Cameron.

At the risk of being repetitious, we would point out that the addition of scheduled air service to Cameron, even though it would only be to the Houston area, would give this city one of the most complete transportation systems of any city of less than 10,000 in Texas.

Major highway arteries, the main line of Santa Fe Railroad, Southern Pacific service to the north and commuter air service can combine to speed the

growth of Cameron.

Distribution, whether of people or products, is more and more a deciding factor in municipal development. Our familiar 150 - mile radius to all the major cities of Texas becomes a greater advantage each year.

Two other historic strengths of Cameron and Milam County -- a role as a cradle of Texas development and leadership in agriculture -- continue to work in our favor.

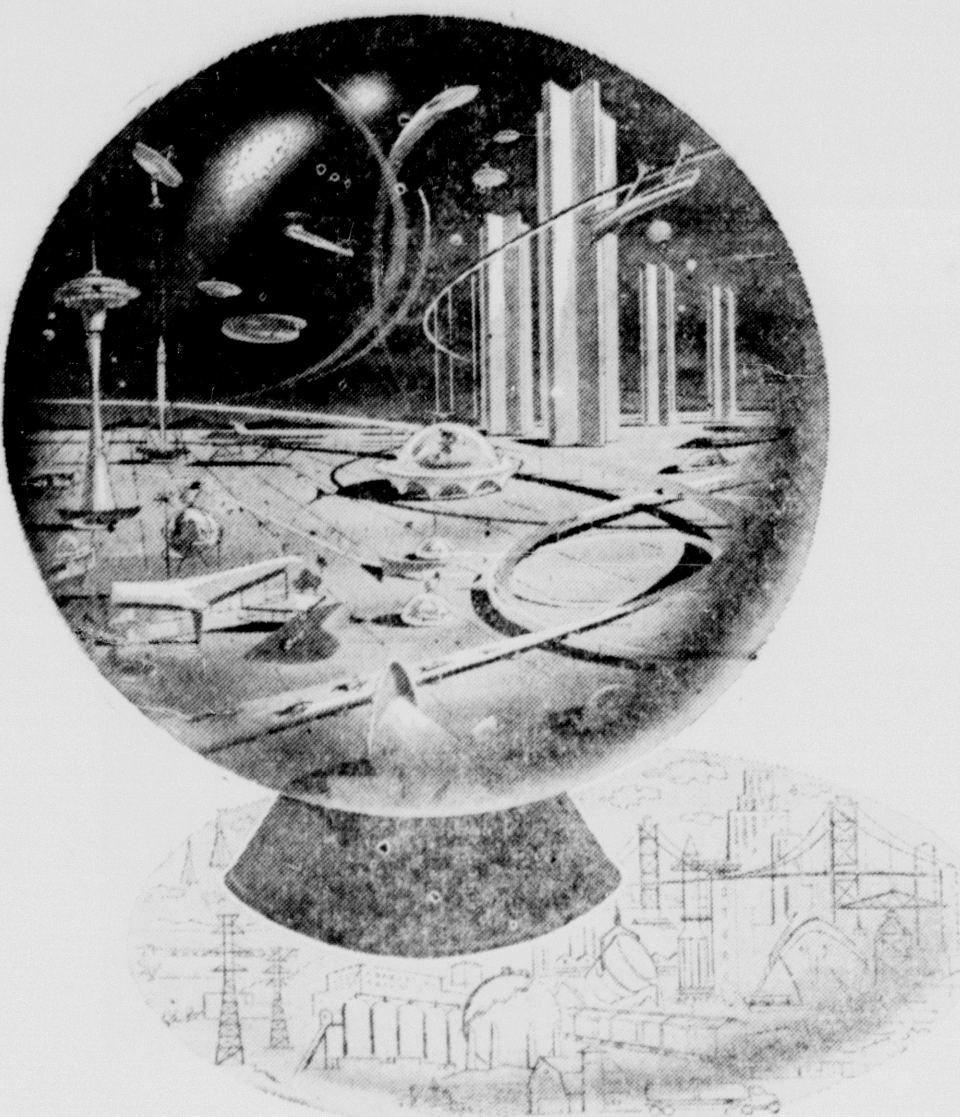

With the state - wide movement to develop more tourist interest in Texas, Milam County is one of the leaders in places to see with enhancement of historic sites around the country.

And dairying, seeing the success of Milam's high ranking cattle industry, is becoming more interested in sites for operation.

Add to these strengths, the presence of Alcoa in South Milam County, and 1962 can promise potential growth and development difficult to match in any other Cen - Tex rural county.

It is now a problem of logistics. The basic materials for development are at hand. Bringing together the factors for success, as in any case, awaits the continued interest of our people and their sustaining efforts.

## Library Use Up 74 Per Cent . . .

Cameron Public Library, completing its second full month at the Courthouse Square location, broke its own record for checkout of books in December.

A total of 136 volumes was checked out, according to library records. Nearest to the December record was 128 books checked out in December, 1958, unaccountably higher than any year previous or following up to 1961.

A seven - year average for books checked out during December is 77. Least number was understandably in December of 1955 and 1956 when 31 and 32 books were checked out respectively. But that was with limited operations with volunteer workers.

The December showing was a continuation of new support for Cameron's library. The number of books doubled

for the last two weeks of November, just after the library was relocated at its 112 E. First St. location.

This relocation could be credited with a vigorous recovery in one of Cameron's assets. It is surely a sign that interest and support of a library need only the proper facilities to encourage wider interest in public reading of books, periodicals and newspapers.

Perhaps most significant is that the number of books checked out in December, 1961, was 74 per cent greater than the previous December.

When there is that much increase in one year, the people of Cameron and North Milam County see the value and use the facilities. We hope this trend continues. And without regard for a reversal, the library users of this area will assure it.

# 'Escheat Session' Getting Started

By Vern Sanford

AUSTIN — "Escheat" is a word you'll hear often during the next 30 days.

With the fourth session of the 57th Legislature underway the most important item on the agenda is "escheat". Governor Price Daniel called this third special session because he believes the more than 1,500 banks and savings stand loan associations should be subject to escheat.

But just what is "escheat"? It is a process as ancient as Roman history; written in Old England's feudal law; described by Webster as, "Reversion of land to the crown, or to the state in the United States by failure of persons legally entitled to hold the same."

Escheat provisions were incorporated in the constitution of the Republic of Texas, and enacted as a state statute in 1835.

Texas law always has stated that when anybody dies without heirs, or disappears and can't be found, his property shall be turned over to the state, after seven years. But the law has lacked a provision by which persons or institutions holding property of missing persons were required to report it.

Governor Daniel started pushing for a provision three years ago, and last summer the Legislature finally passed a reporting provision. But the bankers have fought it.

### Brazos County

PIONEERS OF BRAZOS COUNTY, TEXAS 1800-1850 W. Broadus Smith; Economy Printers, Bryan, Texas. 320 pages, \$3.15.

W. Broadus Smith, Texas educator, has compiled this book from old records after exhaustive study of individuals and families known to be associated with Brazos County, Texas, 1800 - 1850.

The book, a little larger than pocket - book size, contains more than 4,000 surnames in alphabetical order and family names in chronological order.

A book requiring some three years in painstaking research; the records are there to speak for themselves. Smith has drawn from court house records, hand written documents, original Spanish records, tombstone inscriptions and interviews with the descendants of Brazos County pioneers.

Included are applications for land grants in the Republic of Texas, grants of citizenship by the Republic of Texas, original land surveys, all marriage records to 1866, tax rolls, deed records, and much other material never before printed about the pioneers of Brazos County.

Smith has made a fine contribution to the authenticated material published about Texas and Texasians, and this limited one edition collector's item should be a must for genealogists and collectors of Texasiana.

it long and successfully. They are still exempt from the reporting law, although all other businesses and public agencies must comply.

During the interim between legislative sessions, a special house committee has been investigating enforcement of escheat laws applicable to banking institutions. Committee discovered that much of the \$4,000,000 escheatable accounts lying dormant in Texas banks is being dissipated through services charges and recommended that:

1. The Legislature add banking institutions to the escheat enforcement law with out delay, and require banks to advertise for lost owners after seven years.

2. That this matter receive prompt attention in the January session because the committee estimates a year's delay would mean the loss of \$1,000,000 through the procedure of service charges on accounts that don't require service.

3. That the committee keep on working to see if there are any other considerations which should be brought to the attention of the 58th Legislature.

## LOAN SHARK LEGISLATION

Although the Governor hasn't said he'll introduce loan legislation at the special session, it's considered a safe bet that the uproar over "loan shark" practices of sky-high interest rates will prompt him to place this issue on the January agenda.

The Legislative Council has a heated debate, and voted 9-2 to commend a loan bill backed by Representative Cris Cole of Houston.

Cole's bill sets a 10 per cent ceiling on interest to be charged on loans.

A lender would be able to charge more than 10 per cent on loans under \$1,500 only if he got a state license, paying \$200 for investigation and \$200 a year license fee. To get the license, he'd have to

## LITTLE RIVER PHILOSOPHER

Philosopher Amazed To Find Out How Much

Telephone Conversation Goes On In The USA

Dear editor:

Following the wind - up of an old year, a lot of people like to look back and review the situation, although generally my feeling is that if most of what happened last year will leave me alone, I'll leave it alone.

Other people like to review statistics for the year. For example, I read in a newspaper last night that the telephone company has counted all the telephone conversations that took place last year and found that every man, woman and child in the United States had an average of 520 conversations on the telephone.

When you consider that there are several million babies too young to talk, that there are a lot of people who don't have a telephone, that a lot of people, like farmers for example, can't be reached by phone during the day time and don't stay up very late at night, when you consider all this, you begin to realize that in order for the average to be 520, somebody had to do a mighty lot of talking on the phone to run the total up.

In fact, I calculate some women had to talk at least seven or eight thousand times to get the average up so high, and what puzzles me is how do they do it? I don't mean how do they find anything to say; talking on the phone for some people is like making a speech is for others - you don't have to have anything to say. But what I mean is, how do they find the time to do it. To talk seven or eight thousand times a year on the phone, you'd have to make more than 20 calls a day.

## NERVE DEAFNESS

### HEARING AUDIOTICIAN

### EXPLAINS NEW APPROACH

### TO HEARING PROBLEM

Every hearing problem is different and must be treated as an individual case. Through the many years I have devoted to helping people over-

Mr. Treadway come hearing. Audiotician loses, plus hours on hours of schooling from hearing research confirms this fact, for example:

1. Some people can understand talking to one person, but in a crowd everything seems to run together.

2. Some hear mens voices but can not understand women or children.

3. Some hear good in small rooms, but in church, group meetings, etc. they miss part or all that is said.

4. Some have heard noises that stay with them day and night and keeps them in a state of nervousness.

Its obvious from the above that one instrument can not correct all hearing problems.

We have our instruments custom fitted for each patients case using the famous Metricron to be sure each case is fitted to their personal hearing loss.

To us there is no other way, and it costs no more, so why take a chance. Mr. Treadway will be at the Cameron Hotel in Cameron Tuesday Jan. 9th from 10 a. m. to 1 p. m. If you have a hearing problem you owe it to your self to come in and have a test made. If you are unable to come to the clinic, call and we will arrange to come to your home, or you may write us.

## THE WANT ADS ARE JUST MY CUP OF TEA!

They'll score with you, too, once you get the habit of scanning them with an eye to the real bargains they offer.

## BASIC TO SOUND PLANNING

In charting the course of your business for the year ahead, be sure to include the opportune utilization of good banking service in your plans. This can prove so helpful in so many ways . . . in furnishing the financing for expansion . . . in providing working capital to take advantage of special opportunities or to meet seasonal needs. We will welcome the opportunity to be of service to you.

## 7 Miles New Road

## Due In NE Milam

## As Contracts Let

Two Belton firms won contracts for road construction totaling 7.1 miles in northeast Milam County, the State Highway Commission has announced.

John H. Garner, of Belton, was low bidder on 4.3 miles of construction of FM Rd 2027. Low bid was \$118,938 for grading, structures, base and surfacing from FM Rd 2027 to the Falls County line, south-east to Baileyville. One hundred working days have been allowed for the project.

And T. E. Sanderford, Belton contractor, was low bidder at \$73,115 for construction of 2.8 miles of roadway from 3.4 miles north of US 190 east to County Road near Jones Prairie.

Grading, structures, base and surfacing were included in the project. Working time is 80 days. Carol D. Zeigler, resident engineer at Hearne, will be in charge of the two projects.

# DESTINATION ASSURED!

In a moment the letter will be "on its way".  
The sender has no doubt concerning its destiny — it is in safe hands.

How can there be such certainty? Because, again and again "Uncle Sam" has proven his *capability* and *dependability*.

"Turning the letter loose" is a commitment, an act of trust, an expression of faith. How simple; yet how sure!

But there is one who is greater than "Uncle Sam"; greater than all. One who is capable of shaping the life and destiny of every human being. One therefore, who is worthy of the trust of all. *His name is Jesus.*

Millions testify of the greatness of His love and power; of the hope that "maketh not ashamed"; of "the peace that passeth understanding".

Do you know these things? You can know them: turn the "letter loose — let go, and let God".

"Commit thy way unto the Lord; trust also in Him, and He shall bring it to pass". Psalm 37:5 Find your way to His house next Lord's day.

"Other foundation can no man lay than that is laid, which is Jesus Christ" 1 Corinthians 3:11
